He also stated Gillespie County is reporting 31 cases with some of these pending investigations. Yesterday one hundred eighty-two people got tested, and the results should be available within a week. He encouraged everyone to follow the CDC Guidelines, social distancing to eliminate community spread, good hygiene, and wear a mask when you cannot keep 6 feet apart.

3. PUBLIC COMMENTS

Mayor Neffendorf reviewed the different ways the public could provide comments. He stated the City received three citizen comments. He noted City Staff will make contact with the three citizens who provided comments.

Shelley Goodwin, City Secretary, read the three names of the residents who emailed written comments (Michaela, Craig Lindig, and Chasity Neutze).

4. FUTURE SPECIAL EVENTS

A. Consider, discuss, and take appropriate action on Special Event Permits issued by the City for the following scheduled events:

Jennifer Krupa, Special Events Coordinator, reported the number of positive COVID-19 cases have increased, so she has contacted several groups regarding their upcoming special events. She stated the current Governor’s Order reduces the maximum mass gatherings, and some events will struggle to follow the CDC Guidelines due to their event attendance. She also...
reviewed the Mayor’s role regarding events within the City that will have more than 100 people. She discussed a moratorium and a written plan for all events held on City property.

Kent Myers, City Manager, reviewed the reasons for approving a 30-day moratorium due to the increases of COVID-19.

The City Council discussed a 30-day moratorium, special event permits, and the increase of COVID-19 cases. They also discussed allowing the event coordinators time to create a plan and be considered at the July 20, 2020, City Council Regular Meeting.

Daniel Jones, City Attorney, reviewed the City Code of Ordinances related to the City Managers’ role regarding Special Events. He also reviewed the Mayor’s role being able to create additional restrictions, provided in the recent Governor’s Order.

Mayor Neffendorf expressed his concerns regarding holding special events on Market Square and keeping participants safe during the virus increase.

Councilmember Musselman provided the square footage of Market Square, and the estimated maximum number of people allowed in order to maintain social distancing.

i. **Knights of Columbus Bestfest**
Jennifer Krupa, Special Events Coordinator, reviewed the event and stated the event coordinators are willing to work with the City to provide a successful event. She also discussed the steps the organization is willing to do to follow the CDC Guidelines.

The City Council discussed the event and requested a plan to come back to them for consideration.

ii. **Farmer’s Market**
Jennifer Krupa, Special Events Coordinator, reported the current process used at Farmer’s Market. She also noted that the market coordinator is willing to change the market back to grab & go and eliminate the music, food, and wine.

The City Council agreed by consensus to allow the Farmer’s Market to proceed as usual this week but beginning July 2 to use the grab & go format for holding the market.

iii. **July 4th Fireworks**
Kent Myers, City Manager, stated the City Council previously voted to approve holding the Fireworks with using a drive-in style format. Still, with the recent increase in positive cases, several surrounding cities have now cancelled. He also noted that the City Council previously discussed postponing the Fireworks to Labor Day.

Jennifer Krupa, Special Events Coordinator, reported Luckenbach canceled their July 4 events, and Alstadt Brewing’s Fireworks are still moving forward. She noted the cost related to cancelling or postponing the City Fireworks.

The City Council discussed the effects that cancelling or postponing the Fireworks will have on the City. They also discussed the traffic impact on Hwy 16 and 290 and the stay in your car format for viewing the Fireworks.
Motion: A motion was made by Councilmember Musselman to reconsider the motion approving the Fireworks, to not hold them this year due to COVID-19. The motion failed due to lack of a second.

iv. Hill Country Swap Meet
Jennifer Krupa, Special Events Coordinator, reviewed the plan that Swap Meet coordinators have submitted for their event, scheduled for July 24 – July 26, 2020.

The City Council discussed the plan that was submitted.

The City Council agreed by consensus to allow this event to move forward using the plan they submitted and the CDC Guidelines.

v. Cross Trails Fall Festival
Jennifer Krupa, Special Events Coordinator, reviewed the event and stated this event occurs in September.

The City Council discussed the event and requested a plan to come back to them for consideration.

vi. Kraut Run
Jennifer Krupa, Special Events Coordinator, reviewed the event and explained that the final event is a celebration at Town Pool.

The City Council discussed the event and requested a plan to come back to them for consideration.

5. ADJOURN
Motion: A motion was made by Councilmember Kiehne, seconded by Councilmember Watson, to adjourn the Wednesday, June 24, 2020, City Council Regular Meeting at 7:21 p.m.
On roll call vote:

Councilmember Musselman  aye
Mayor Neffendorf aye
Councilmember Kiehne aye
Councilmember Rickert aye
Councilmember Watson aye

The motion carried unanimously.

He reminded everyone of the symptoms of the virus and to continue:

- Social distancing
- Wearing masks
- Good hygiene
- Stay home when sick
- Wipe down offices and home
- Use hand sanitizers

3. EMPLOYEE RECOGNITIONS

Kent Myers, City Manager, stated he received the following:

- An email expressing Police Officer Victor Martinez’s professionalism and politeness during a traffic stop.
- An email expressing Police Officer Brandyn Griffin’s professionalism and courtesy during a traffic stop.
- An email expressing gratefulness for EMS who worked with Willow Creek Fire Department to assist on a call at Enchanted Rock and go above and beyond the call of duty.
- Customer Service Card expressing the efficiency and courtesy that Blake Adams, Landfill Chipping Crew, showed while performing his duties.
• Letter expressing the appreciation for Doris Segner, Utility Clerk, David Feller, Vegetation Management Supervisor, Brandon Vollmar, and Floyd McLaughlin of Vegetation Management for correcting a tree problem.

4. PUBLIC COMMENTS
Mayor Neffendorf reviewed the different ways the public could provide comments. He stated the City received one citizen sign up for verbal comments, two written citizen comments, and the staff will get back with the citizen who provided comments.

Carlo Rivera spoke regarding a safety concern on East Travis Street. He noted that he also provided his comments in an email and encouraged the City Council to correct the safety issues on this roadway.

5. CONSENT
THE FOLLOWING ITEMS MAY BE ACTED UPON IN A SINGLE MOTION. NO SEPARATE DISCUSSION OR ACTION ON ANY OF THESE ITEMS WILL BE HELD UNLESS PULLED AT THE REQUEST OF A MEMBER OF CITY COUNCIL.

A. Consider approval of City Council Minutes:
   i. June 15, 2020, Regular Meeting
Motion: A motion was made by Councilmember Musselman, seconded by Councilmember Rickert, to approve the correction of the City Council Minutes for June 15, 2020, Regular Meeting, and waiving the usual Marktplatz rental fees for the Chamber of Commerce who will be hosting a job fair to help our community get back to work. On roll call vote:
   - Councilmember Musselman  aye
   - Mayor Neffendorf  aye
   - Councilmember Kiehne  aye
   - Councilmember Rickert  aye
   - Councilmember Watson  aye
The motion carried unanimously.

6. PUBLIC HEARING
   A. Hold Public Hearing to receive Citizen’s Input on the FY2021 Budget.
Motion: A motion was made by Councilmember Musselman, seconded by Councilmember Kiehne, to go into the Public Hearing at 6:29 p.m. The City Council voted five (5) for, and none (0) opposed. The motion carried unanimously.

Mayor Neffendorf asked if anyone wished to speak. No one did.

Motion: A motion was made by Councilmember Kiehne, seconded by Councilmember Musselman, to go out of the Public Hearing and back into the regular session at 6:30 p.m. The City Council voted five (5) for, and none (0) opposed. The motion carried unanimously.

7. OTHER ACTION ITEMS AND UPDATES
   A. Consider, discuss, and take appropriate action regarding the Post Oak/Cherry Street Extension Annexation and Zoning Schedule.
Brian Jordan, Development Services Directory, provided an update on the proposed annexation. He noted at the retreat in January 2018; the City Council prioritized the community's areas for annexation. After the U.S. Highway 290 East corridor and the W. Live Oak Street area, the Post
Oak Road/Cherry Street extension was determined as the next highest priority. Also, the City Council identified the extension of Cherry Street and improvements to Post Oak Road as one of four roadway priority projects in the Transportation Master Plan and associated Traffic Impact Study. He also discussed Resolution 2019-06R and the proposed schedule. He also noted a meeting with property owners would occur prior to the start of the process.

The City Council discussed the Post Oak/Cherry Street Extension Annexation and Zoning. They also discussed the proposed Section 4.01(b) of 11B. No. 347 (2019) and Resolution 2019-06R. They also discussed the area landowner notification process and the proposed schedule.

**Motion:** A motion was made by Councilmember Rickert, seconded by Mayor Neffendorf, to delay the proposed Post Oak/Cherry Street Extension Annexation and Zoning Schedule for 90 days. On roll call vote:
- Councilmember Musselman  nay
- Mayor Neffendorf  aye
- Councilmember Kiehne  aye
- Councilmember Rickert  aye
- Councilmember Watson  aye

The motion carried (4 to 1).

**B. Consider, discuss, and take appropriate action regarding a presentation on the 5-year Capital Improvement Plan (CIP) for the City of Fredericksburg.**

Clinton Bailey, Assistant City Manager/Director of Public Works and Utilities, provided the history of the Capital Improvement Plan (CIP). He stated the process was established to provide a routine procedure for identifying, evaluating, and advocating the City of Fredericksburg's current and future capital needs. The capital planning process not only provides an orderly and routine method of proposing the planning of capital improvements, but the process also makes capital expenditures more responsive to community needs by informing the public. The CIP does not appropriate funds but supports the budget process and the appropriations made through the Budget's adoption. A successful CIP provides considerable advance notification, planning, evaluation, scope definition, design, public discussion, cost estimation, and financial planning. He also reviewed the objectives utilized to develop a CIP. The CIP ensures coordination between City departments and the City Council in the planning and implementing capital projects. The CIP identifies and determines future infrastructure needs and establishes priorities among projects, so the available resources are used to the greatest extent possible. He then provided a PowerPoint presentation, and each Department reviewed their 5-year plan and cost.

Kent Myers, City Manager, stated the proposed City Hall was not part of the original packet. He reviewed the history of the proposed City Hall, property purchased on Friendship Lane, and the estimated cost. He also reviewed how the Security State Bank drive-through was converted into offices. He had this project was put on hold to work on the Sports Park. He also stated if the City Council is interested in considering this project, then a committee will need to look at staffing needs and square footage requirements.

The City Council discussed the 5-year CIP and the estimated cost. They also discussed the space need for employees in the future.
C. Consider, discuss, and take appropriate action regarding continued operation of City facilities during the COVID-19 recovery period.
Kent Myers, City Manager, stated there had been discussion about closures of certain City facilities. He noted the closures might be necessary due to the increase in the number of positive COVID-19 cases, including two positive employees. He reviewed the high-risk areas (Skate Park, Basketball Park, and Market Square). He also discussed the measures being taken at swimming pools and the golf course. He also stated that staff is recommending continuing to monitor the trends in the number of positive local cases, hospitalizations, and other information before they consider closing any City parks.

The City Council discussed the increasing positive cases and the high-risk park areas in town.

8. CITY MANAGER’S REPORT
A. Budget Update
Kent Myers, City Manager, stated all the meetings with departments have been conducted, and everyone presented a tight budget. He also stated the Finance Department will present the City Council with the proposed Budget on July 20, 2020, and provide you with a list of items City staff wants to add. He also reviewed the upcoming Workshops:
- General Fund on Wednesday, July 22, 2020, at 4 p.m.
- Enterprise Fund on Wednesday, July 28, 2020, at 4 p.m.
- City/County Joint Budget Meeting on Monday, August 3, 2020, at 8:30 a.m.

B. Governor’s COVID-19 Orders
C. Mask Order
Kent Myers, City Manager, stated 8. B and C. will be reported together. He noted Friday; Governor Abbott issued a Order regarding wearing face-coverings. The staff has reviewed the Order and is working with businesses. He also noted that the Order reduced gatherings, so there will be several special event items on the July 20, 2020, agenda for consideration.

D. COVID-19 Task Force
Clinton Bailey, Assistant City Manager/Director of Public Works and Utilities, reported the COVID-19 Recovery Task Force discussed the recent executive Order and provided stakeholder reports.

E. 4th of July Events
Kent Myers, City Manager, stated the Gillespie County Fair Association Races were conducted and seemed to go well, but attendance was down. The Firework Show went well, as well as a citizen organized parade.

9. ITEMS FOR FUTURE AGENDA
Kent Myers, City Manager, reviewed the Future Agenda Items.

10. COUNCIL COMMENTS
Mayor Neffendorf stated that according to Governor’s Abbott’s Order regarding outdoor events of 10 people or more, the purview belongs to the Mayor and County Judge. He noted the events that remain under the Governor’s purview.

11. EXECUTIVE SESSION
The City Council will recess its open meeting and reconvene in Executive Session pursuant to Texas Government Code Section 551.071 (Consultation with Attorney), Section 551.087 (Deliberation Regarding Economic Development Negotiations), and Section 551.072 (Deliberations about Real Property):

CITY COUNCIL MEMO

DATE: July 20, 2020
TO: Mayor and City Council
FROM: Brian Jordan, AICP

SUBJECT: Public Hearing to consider the following:

1) Change in the Land Use Plan from Low Density Residential to Commercial;

2) Change in zoning from R-1, Single Family Residential to C-1.5 Medium Commercial, and

Summary:

The subject property consists of approximately 10 acres of land located at 525 Friendship Lane. The property is undeveloped and the home previously located on the property was removed recently. Surrounding land uses include vacant undeveloped property on all sides. Surrounding property is zoned R-1A to the south and east, PF Public Facilities to the north, and C-1.5 to the west. The Land Use Plan identifies the subject property as Low Density Residential, property to the south as Low Density Residential, property to the north as Public/Semi-Public and property to the west as Commercial. Property to the west was changed to C-1.5 Medium Commercial and a Conditional Use Permit was approved for an Indoor Sports and Recreation Facility in February of 2020.

Following the rezoning of the adjoining property to the west to accommodate C-1.5, Medium Commercial and a CUP for an Indoor Sports and Recreation Facility and Limited Restaurant use, it was recommended by staff and the Commission that the same zoning be considered for the subject property.

Recommendation:
The Planning and Zoning Commission voted unanimously to recommend approval of the proposed change. Staff concurs with this recommendation. As stated previously, it was recommended that the City initiate the consideration of the zoning on the subject property. Staff has contacted the owner and they support the proposal. There have been 2 letters received in opposition from property owners within 200' of the subject property, and another 11 letters in opposition from other nearby properties.

**Background / Analysis:**

This property happens to fall in the transition area along Friendship Lane between commercial uses to the west and residentially zoned area to the east. This land use change would extend the commercially designated property to the east along Friendship Lane. In addition, this change would represent a reduction in the low-density designation along Friendship Lane. A change in the subject property would extend the commercial zoning one additional tract. The subject property is zoned R-1, Single-Family Residential, and is the only remaining tract zoned as such along the south side of Friendship Lane. Since there is commercial zoning and land use adjacent to the property to the west, it would be our opinion that this change would not represent “spot” zoning. So, the decision to be made in this case is whether or not it would be appropriate to extend the commercial zoning along Friendship Lane or restrict it to the current location.

LAND USE AND ZONING BRIEF
Request Z-2010

APPLICANT: City of Fredericksburg

LOCATION: 525 Friendship Lane

EXISTING ZONING: R-1, Single Family Residential

EXISTING LAND USE: Undeveloped

PROPOSED REQUEST: 1) Change in the Land Use Plan from Low Density Residential to Commercial;

2) Change in zoning from R-1, Single Family Residential to C-1.5 Medium Commercial, and

FINDINGS:

- The subject property consists of approximately 10 acres of land located on the south side of Friendship Lane.
- The property is undeveloped and the home previously located on the property was removed recently.
- Surrounding land uses include vacant undeveloped property on all sides.
- Surrounding property is zoned R-1A to the south and east, PF Public Facilities to the north, and C-1.5 to the west.
- The Land Use Plan identifies the subject property as Low Density Residential, property to the south as Low Density Residential, property to the north as Public/Semi-Public and property to the west as Commercial.
- Property to the west was changed to C-1.5 Medium Commercial and a Conditional Use Permit for an Indoor Sports and Recreation facility in February of 2020.

LAND USE PLAN: The Land Use Plan identifies the subject property to be Low Density Residential. As defined in the Comprehensive Plan, this definition is representative of traditional, single-family detached dwelling units. Low Density Residential accounts for the largest percentage of residential development in Fredericksburg today and will continue to do so with the development shown on the “Future Land Use Map”. The areas designated for Low Density Residential land use are generally not adjacent to major thoroughfares or incompatible land uses and are in proximity to existing single-family residential land use. Within these areas, the City should encourage a range of lot sizes and housing types in order to promote increased housing diversity and affordability.

When the zoning and land use on the adjoining property to the west was changed to commercial, the Planning and Zoning Commission recommended that the subject property be considered for
commercial as well. This property happens to fall in the transition area along Friendship Lane between commercial uses to the west and residentially zoned area to the east. This land use change would extend the commercially designated property to the east along Friendship Lane. In addition, this change would represent a reduction in the low-density designation along Friendship Lane. A change in the subject property would extend the commercial zoning one additional tract.

**ZONING:** The subject property is zoned R-1, Single-Family Residential, and is the only remaining tract zoned as such along the south side of Friendship Lane. Following the rezoning of the adjoining property to the west to accommodate C-1.5, Medium Commercial and a CUP for an Indoor Sports and Recreation Facility and Limited Restaurant use, it was recommended that the same zoning be considered for the subject property. Since there is commercial zoning and land use adjacent to the property to the west, it would be our opinion that this change would not represent “spot” zoning. So, the decision to be made in this case is whether or not it would be appropriate to extend the commercial zoning along Friendship Lane or restrict it to the current location.

**OPPOSITION/SUPPORT OF REQUEST:** We received opposition letters from 2 of the property owners within 200', and approximately 11 letters/phone calls from other property owners within the vicinity stating their opposition to the request.

**PLANNING AND ZONING COMMISSION RECOMMENDATION:** The Commission voted unanimously to recommend approval of this Land Use Plan and Zoning change.

**STAFF RECOMMENDATION:** In reviewing the current Land Use Plan and Zoning for the subject property, it is the only remaining property that is designated low density residential land use and R-1 zoning fronting on the south side of Friendship Lane. When the adjoining property to the west was recently rezoned to C-1.5 Medium Commercial, it was recommended by staff and the Commission to consider a change on the subject property as well. We have talked often about the future of the Friendship Lane Corridor and whether or not we should consider alternatives to the mostly mixed residential zoning. And, we have now adopted a C-1.5 Medium Commercial and MU-2, Mixed Use - Infill Zoning Districts as possible options for consideration. In reviewing the intent of both of these districts, one could certainly argue that this particular property would fall within either of these categories. Staff Recommends approval of the Land Use Plan change from Low Density Residential to Commercial and the zoning from R-1 Single Family Residential to C-1.5 Medium Commercial.

FBG,
To the City of Fredericksburg Planning and Zoning Commission

My name is Tom Musselman. My wife, Kelly and I reside at 904 Friendship Lane.

I do not support the change in zoning at 525 Friendship Lane from a residential use to a commercial use, C-1.5.

I feel that a change in zoning on this property from residential to commercial will constitute further “Commercial Creep” on Friendship Lane. I understand that the property to the west, the Fairfield Inn hotel, is zoned C-2 commercial, as is the Car Wash across the street. The Penjay, Heinen, Schandua property adjacent to the City-owned Heinemann property is zoned C-1 Neighborhood commercial. However, all of the remaining property on both sides of Friendship east to Eagle Street, is zoned some type of residential, either R1, R1a, or R2, or R-3 - all residential. The C-1 property at the corner of Friendship Land and Eagle St. will be part of a new MacDonald Companies R-2 residential apartment development.

Additional residential properties on Friendship Lane include the Kusenberger South Creek subdivision, the McDonald Corporation’s Friendship Place Apartments and Terraces on Creek Street Apartments, as well as their townhome development on Sunrise; the R-1 homes in the NBC Subdivision on South Creek, Bluebonnet, and Columbus Streets; the R-3 Brentwood Oaks Apartments and Vineyard Crossing Apartments, as well as the Danz Addition on Winding Oak, and the new Frieden housing development. Besides the plans for another McDonald Companies apartment development on the northern corner of Friendship and Eagle St. and a new Vineyard Crossing Apartment complex is currently under construction near the corner of Eagle and Highway streets.

Clearly, with the exception of the commercial corner at Friendship and US 87 S, the land on both sides of Friendship Lane is, and has always been generally zoned for residential use. Changing the zoning to allow further commercial development risks the domino effect of adjoining properties currently slated for housing, to also be rezoned commercial. This should not be allowed to happen.
Projects and the people behind them can always change, as land sells and changes hands. Zoning, however, remains attached to the property and something entirely different may be constructed. C 1.5 designation allows for multiple kinds of development.

Again, we oppose the re-zoning of the property at 525 Friendship Lane from residential to commercial.

Thank you very much.

Tom and Kelly Musselman
I would like to protest the proposal to make the land on Friendship lane commercial. It is very near my backyard. I would appreciate any thing you could do to prevent this from occurring. Thank you. My name is Beatrice Price, address is 597 Dusk lane

SUBJECT: Moratorium on Special Events at Marktplatz

Summary:
Due to increasing concerns about COVID-19, the Mayor has requested that the City Council consider a moratorium on special events held at Marktplatz for the next three months.

Recommendation:
It is recommended that the City Council consider the attached resolution that would establish a moratorium on special events at Marktplatz for the next three months.

RESOLUTION 2020-12R

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF FREDERICKSBURG, TEXAS, ESTABLISHING A TEMPORARY MORATORIUM ON HOLDING SPECIAL EVENTS AND OTHER GATHERINGS ON THE CITY’S MARKTPLATZ (“MARKTPLATZ”) PARK; AND PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the Governor has issued executive orders limiting large gatherings of people, in an effort to combat the spread of COVID-19 throughout the state and to prevent the depletion of hospital capacity; and

WHEREAS, scientific evidence indicates that COVID-19 is a highly communicable disease that has affected people to varying degrees, and has the potential to affect a significant portion of the local population based on the current rate of community transmission, placing increased persons at risk for serious health complications, resulting in hospitalization and possibly death; and

WHEREAS, the City Council finds that the establishment of a temporary moratorium on holding special events and other gatherings on the City’s Marktplatz park is necessary to assist the City Council in carrying out its duties to preserve the local economy, and to protect the citizens of, and visitors to, the City of Fredericksburg.

NOW, THEREFORE BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF FREDERICKSBURG, TEXAS:

Section 1. The City Council hereby establishes a temporary moratorium on holding the following events on the City’s Marktplatz park, said moratorium to begin on August 1, 2020, and end on November 1, 2020:

a. all Special Events, as defined in Chapter 36 of the City’s Code of Ordinances; and

b. all other outdoor gatherings in excess of _____ (____) people, other than those gatherings set forth in paragraph numbers 1, 2, or 4, of Executive Order GA-28 (as amended) issued by Governor Greg Abbott.

Section 2. Severability. In the event any clause, phrase, provision, sentence or part of this Resolution or the application of the same to any person or circumstances shall for any reason be adjudged invalid or held unconstitutional by a court of competent jurisdiction, it shall not affect, impair, or invalidate this Resolution as a whole or any part or provision
hereof other than the part declared to be invalid or unconstitutional.

Section 3. Effective Date. This Resolution shall be effective upon its passage and approval by City Council.

PASSED AND APPROVED on this the ____ day of ________________,

SUBJECT: Amendment No. 2 to Boot Ranch Water and Sewer Service Agreement

Summary:
Boot Ranch has requested the City amend the Water and Sewer Service Agreement to swap approximately 37 acres inside the current utility service area for approximately 37 acres outside the service area, known as the Muncey Tract.

Recommendation:
Consider amending the Water and Sewer Service Agreement with Boot Ranch to swap 37 acres.

Background / Analysis:
Boot Ranch has requested the City amend the Water and Sewer Service Agreement to swap approximately 37 acres inside the utility service area for approximately 37 acres outside the service area, known as the Muncey Tract.

Boot Ranch is not requesting any additional equivalent dwelling units (EDU) or water and wastewater demand as part of this Amendment.

Also, over the past few months, City Staff has been working with Boot Ranch Staff to monitor water use at Boot Ranch; including outdoor irrigation. City Staff has been monitoring the usage with the new Sensus water meters and patrolling through Boot Ranch on a regular basis. Additionally, Boot Ranch Staff has
developed new landscape and irrigation guidelines, as well contacted each property owner to remind the owners of the City’s water restrictions.

CITY COUNCIL MEMO

DATE: July 20, 2020
TO: Mayor and City Council
FROM: Kris Kneese, P.E. – Assistant Director of Public Works and Utilities
SUBJECT: HWY 290 East Water Line Project - Construction Contract Award

Summary:

Receive construction contract bids for the HWY 290 East Water Line Project.

Recommendation:

City staff recommends awarding the construction contract for the HWY 290 East Water Line Project to QRO Mex Construction Co. Inc. in the amount of $4,356,531.00.

Background / Analysis:

The City Council approved the sale of water revenue bonds to design and construction water infrastructure projects in November 2018. One of these projects includes the construction of the HWY 290 East Water Line Project. The new water transmission main will be constructed from the City’s Knauth Pump Station (currently under construction) along HWY 290 East approximately 5 miles connecting to an existing water line at the University Center.

Freese and Nichols (F&N) developed project bid documents, which publicly advertised for bid for four (4) weeks. Thirteen (13) bids were received at the bid opening on July 2, 2020. The bids received are attached. The low bid was submitted by QRO Mex Construction Co. Inc. in the amount of $4,356,531.00. The low bid has been reviewed by F&N which was found to be accurate. Based on F&N and City Staff’s review, it
is recommended that the project be awarded to QRO Mex Construction Co. Inc. in the amount of $4,356,531.00.

CITY COUNCIL MEMO

DATE:    July 14, 2020

TO:      Mayor and City Council

FROM:    Jennifer Krupa, Special Events Coordinator

SUBJECT: Gillespie County Fair Parade: Health & Safety Plan

Summary:

City council should decide if the Gillespie County Fair Parade on Main Street can be held on August 21, 2020, while meeting the current recommended minimum standard health protocols, subject to revision by the Mayor.

Recommendation:

Discuss and take appropriate action on the Gillespie County Fair Parade, using the attached health & safety plan submitted by the parade organizer.

Background / Analysis:

Governor Abbott released Executive Order No. GA-28 on the morning of June 26, 2020 relating to the targeted response to the COVID-19 disaster as part of the reopening of Texas. Section 5 states: For any outdoor gathering in excess of 100 people, other than those set forth above in paragraph numbers 1, 2, or 4, the gathering is prohibited unless the mayor of the city in which the gathering is held, or the county judge in the case of a gathering in an unincorporated area, approves of the gathering, and such approval can be made subject to certain conditions or restrictions not inconsistent with this executive order.

The Governor then issued a proclamation on July 2, 2020 that amended paragraph numbers 5 and 12 of Executive Order GA-28, effective at 12:01 p.m. on July 3, 2020, to read as follows:
5. For any outdoor gathering in excess of 10 people, other than those set forth above in paragraph numbers 1, 2, or 4, the gathering is prohibited unless the mayor of the city in which the gathering is held, or the county judge in the case of a gathering in an unincorporated area, approves of the gathering, and such approval can be made subject to certain conditions or restrictions not inconsistent with this executive order;

12. Except as provided in this executive order or in the minimum standard health protocols recommended by DSHS, found at www.dshs.texas.gov/coronavirus, people shall not be in groups larger than 10 and shall maintain six feet of social distancing from those not in their group;

This proclamation shall remain in effect and in full force for as long as Executive Order GA-28 is in effect and in full force, unless otherwise modified, amended, rescinded, or superseded by the governor.

BY THE
GOVERNOR OF THE STATE OF TEXAS

Executive Department
Austin, Texas
June 26, 2020

EXECUTIVE ORDER
GA 28

Relating to the targeted response to the COVID-19 disaster as part of the reopening of Texas.

WHEREAS, I, Greg Abbott, Governor of Texas, issued a disaster proclamation on March 13, 2020, certifying under Section 418.014 of the Texas Government Code that the novel coronavirus (COVID-19) poses an imminent threat of disaster for all counties in the State of Texas; and

WHEREAS, in each subsequent month effective through today, I have renewed the disaster declaration for all Texas counties; and

WHEREAS, the Commissioner of the Texas Department of State Health Services (DSHS), Dr. John Hellerstedt, has determined that COVID-19 continues to represent a public health disaster within the meaning of Chapter 81 of the Texas Health and Safety Code; and

WHEREAS, I have issued executive orders and suspensions of Texas laws in response to COVID-19, aimed at protecting the health and safety of Texans and ensuring an effective response to this disaster; and

WHEREAS, I issued Executive Order GA-08 on March 19, 2020, mandating certain social-distancing restrictions for Texans in accordance with guidelines promulgated by President Donald J. Trump and the Centers for Disease Control and Prevention (CDC); and

WHEREAS, I issued Executive Order GA-14 on March 31, 2020, expanding the social-distancing restrictions for Texans based on guidance from health experts and the President; and

WHEREAS, I subsequently issued Executive Orders GA-16, GA-18, GA-21, GA-23, and GA-26 from April through early June 2020, aiming to achieve the least restrictive means of combating the threat to public health by continuing certain social-distancing restrictions, while implementing a safe, strategic plan to Open Texas; and

WHEREAS, as Texas reopens in the midst of COVID-19, increased spread is to be expected, and the key to controlling the spread and keeping Texas residents safe is for all Texans to consistently follow good hygiene and social-distancing practices, especially those set forth in the minimum standard health protocols from DSHS; and

WHEREAS, due to recent substantial increases in COVID-19 positive cases, and increases in the COVID-19 positivity rate and hospitalizations resulting from COVID-19, targeted and temporary adjustments to the reopening plan are needed to achieve the

least restrictive means for reducing the growing spread of COVID-19 and the resulting imminent threat to public health, and to avoid a need for more extreme measures; and

WHEREAS, everyone must act safely, and to that end, this executive order and prior executive orders provide that all persons should follow the health protocols from DSHS, which whenever achieved will mean compliance with the minimum standards for safely reopening, but which should not be used to fault those who act in good faith but can only substantially comply with the standards in light of scarce resources and other extenuating COVID-19 circumstances; and

WHEREAS, the “governor is responsible for meeting … the dangers to the state and people presented by disasters” under Section 418.011 of the Texas Government Code, and the legislature has given the governor broad authority to fulfill that responsibility; and

WHEREAS, failure to comply with any executive order issued during the COVID-19 disaster is an offense punishable under Section 418.173 by a fine not to exceed $1,000, and may be subject to regulatory enforcement;

NOW, THEREFORE, I, Greg Abbott, Governor of Texas, by virtue of the power and authority vested in me by the Constitution and laws of the State of Texas, and in accordance with guidance from DSHS Commissioner Dr. Hellerstedt and other medical advisors, the Governor’s Strike Force to Open Texas, the White House, and the CDC, do hereby order the following on a statewide basis effective at noon on June 26, 2020:

Every business establishment in Texas shall operate at no more than 50 percent of the total listed occupancy of the establishment; provided, however, that:

1. There is no occupancy limit for the following:
   a. any services listed by the U.S. Department of Homeland Security’s Cybersecurity and Infrastructure Security Agency (CISA) in its Guidance on the Essential Critical Infrastructure Workforce, Version 3.1 or any subsequent version;
   b. religious services, including those conducted in churches, congregations, and houses of worship;
   c. local government operations, including county and municipal governmental operations relating to licensing (including marriage licenses), permitting, recordation, and document-filing services, as determined by the local government;
   d. child-care services;
   e. youth camps, including but not limited to those defined as such under Chapter 141 of the Texas Health and Safety Code, and including all summer camps and other daytime and overnight camps for youths; and
   f. recreational sports programs for youths and adults;

2. Except as provided below by paragraph number 5, this 50 percent occupancy limit does not apply to outdoor areas, events, or establishments, except that the following outdoor areas or outdoor venues shall operate at no more than 50 percent of the normal operating limits as determined by the owner:
   a. professional, collegiate, or similar sporting events;
   b. swimming pools;
   c. water parks;
   d. museums and libraries;
   e. zoos, aquariums, natural caverns, and similar facilities; and

f. rodeos and equestrian events;

3. This 50 percent occupancy limit does not apply to the following establishments that operate with at least six feet of social distancing between work stations:
   a. cosmetology salons, hair salons, barber shops, nail salons/shops, and other establishments where licensed cosmetologists or barbers practice their trade;
   b. massage establishments and other facilities where licensed massage therapists or other persons licensed or otherwise authorized to practice under Chapter 455 of the Texas Occupations Code practice their trade; and
   c. other personal-care and beauty services such as tanning salons, tattoo studios, piercing studios, hair removal services, and hair loss treatment and growth services;

4. Amusement parks shall operate at no more than 50 percent of the normal operating limits as determined by the owner;

5. For any outdoor gathering in excess of 100 people, other than those set forth above in paragraph numbers 1, 2, or 4, the gathering is prohibited unless the mayor of the city in which the gathering is held, or the county judge in the case of a gathering in an unincorporated area, approves of the gathering, and such approval can be made subject to certain conditions or restrictions not inconsistent with this executive order;

6. For dine-in services by restaurants that have less than 51 percent of their gross receipts from the sale of alcoholic beverages, the occupancy limit shall remain at 75 percent until 12:01 a.m. on June 29, 2020, at which time such restaurants may only operate at up to 50 percent of the total listed occupancy of the restaurant, subject to paragraph number 9 below;

7. People shall not visit bars or similar establishments that hold a permit from the Texas Alcoholic Beverage Commission (TABC) and are not restaurants as defined above in paragraph number 6; provided, however, that the use by such bars or similar establishments of drive-thru, pickup, or delivery options for food and drinks is allowed to the extent authorized by TABC;

8. People shall not use commercial rafting or tubing services, including rental of rafts or tubes and transportation of people for the purpose of rafting or tubing;

9. For any business establishment that is subject to a 50 percent "total listed occupancy" limit or "normal operating limit," and that is in a county that has filed with DSHS, and is in compliance with, the requisite attestation form promulgated by DSHS regarding minimal cases of COVID-19, the business establishment may operate at up to 75 percent of the total listed occupancy or normal operating limit of the establishment;

10. For purposes of this executive order, facilities with retractable roofs are considered indoor facilities, whether the roof is opened or closed;

11. Staff members are not included in determining operating levels, except for manufacturing services and office workers;

12. Except as provided in this executive order or in the minimum standard health protocols recommended by DSHS, found at www.dshs.texas.gov/coronavirus, people should not be in groups larger than ten and should maintain six feet of social distancing from those not in their group;

13. People over the age of 65 are strongly encouraged to stay at home as much as possible; to maintain appropriate distance from any member of the household who has been out of the residence in the previous 14 days; and, if leaving the
home, to implement social distancing and to practice good hygiene, 
environmental cleanliness, and sanitation;

14. In providing or obtaining services, every person (including individuals, 
businesses, and other legal entities) should use good-faith efforts and available 
resources to follow the minimum standard health protocols recommended by 
DSHS;

15. Nothing in this executive order or the DSHS minimum standards precludes 
requiring a customer to follow additional hygiene measures when obtaining 
services. Individuals are encouraged to wear appropriate face coverings, but no 
jurisdiction can impose a civil or criminal penalty for failure to wear a face 
covering;

16. People shall not visit nursing homes, state supported living centers, assisted 
living facilities, or long-term care facilities unless as determined through 
guidance from the Texas Health and Human Services Commission (HHSC). 
Nursing homes, state supported living centers, assisted living facilities, and 
long-term care facilities should follow infection control policies and practices 
set forth by HHSC, including minimizing the movement of staff between 
facilities whenever possible; and

17. For the remainder of the 2019-2020 school year, public schools may resume 
operations for the summer as provided by, and under the minimum standard 
health protocols found in, guidance issued by the Texas Education Agency 
(TEA). Private schools and institutions of higher education are encouraged to 
establish similar standards. Notwithstanding anything herein to the contrary, 
schools may conduct graduation ceremonies consistent with the minimum 
standard health protocols found in guidance issued by TEA.

Notwithstanding anything herein to the contrary, the governor may by proclamation 
add to the list of establishments or venues that people shall not visit.

This executive order shall supersede any conflicting order issued by local officials 
in response to the COVID-19 disaster, but only to the extent that such a local order 
restricts services allowed by this executive order, allows gatherings prohibited by 
this executive order, or expands the list or scope of services as set forth in this 
executive order. Pursuant to Section 418.016(a) of the Texas Government Code, I 
hereby suspend Sections 418.1015(b) and 418.108 of the Texas Government Code, 
Chapter 81, Subchapter E of the Texas Health and Safety Code, and any other 
relevant statutes, to the extent necessary to ensure that local officials do not impose 
restrictions in response to the COVID-19 disaster that are inconsistent with this 
executive order, provided that local officials may enforce this executive order as 
well as local restrictions that are consistent with this executive order.

All existing state executive orders relating to COVID-19 are amended to eliminate 
confinement in jail as an available penalty for violating the executive orders. To the 
extent any order issued by local officials in response to the COVID-19 disaster 
would allow confinement in jail as an available penalty for violating a COVID-19-
related order, that order allowing confinement in jail is superseded, and I hereby 
suspend all relevant laws to the extent necessary to ensure that local officials do not 
confine people in jail for violating any executive order or local order issued in 
response to the COVID-19 disaster.

This executive order supersedes Executive Order GA-26, but does not supersede 
Executive Orders GA-10, GA-13, GA-17, GA-19, GA-24, GA-25, or GA-27. This
executive order shall remain in effect and in full force unless it is modified, amended, rescinded, or superseded by the governor. This executive order may also be amended by proclamation of the governor.

Given under my hand this the 26th day of June, 2020.

CHECKLIST FOR ALL EMPLOYERS AND EVENT ORGANIZERS

This checklist is for businesses and entities that fall into a category of business type without a more specific minimum standard health protocol on this website. Those businesses and entities should follow the protocols relevant to operations of the business or entity. All employees and customers must wear a face covering (over the nose and mouth) wherever it is not feasible to maintain six feet of social distancing from another individual not in the same household or, for those engaging in physical activities outdoors, wherever the individual is not able to maintain a safe physical distance from others not in the same household.

The following are the minimum recommended health protocols for all businesses and other entities choosing to operate in Texas. Employers may adopt additional protocols consistent with their specific needs and circumstances to help protect the health and safety of all employees, contractors, and customers.

The virus that causes COVID-19 can be spread to others by infected persons who have few or no symptoms. Even if an infected person is only mildly ill, the people they spread it to may become seriously ill or even die, especially if that person is 65 or older with pre-existing health conditions that place them at higher risk. Because of the hidden nature of this threat, everyone should rigorously follow the practices specified in these protocols, all of which facilitate a safe and measured reopening of Texas. The virus that causes COVID-19 is still circulating in our communities. We should continue to observe practices that protect everyone, including those who are most vulnerable.

Please note, public health guidance cannot anticipate every unique situation. Employers should stay informed and take actions based on common sense and wise judgment that will protect health and support economic revitalization. Employers should also be mindful of federal and state employment and disability laws, workplace safety standards, and accessibility standards to address the needs of both workers and customers.

Health protocols for your employees and contractors:

☐ Train all employees and contractors on appropriate cleaning and disinfection, hand hygiene, and respiratory etiquette.

☐ Screen employees and contractors before coming into the business:
  ☐ Send home any employee or contractor who has any of the following new or worsening signs or symptoms of possible COVID-19:
    - Cough
    - Shortness of breath or difficulty breathing
    - Chills
    - Repeated shaking with chills
    - Muscle pain
    - Headache
    - Sore throat
    - Loss of taste or smell
    - Diarrhea
    - Feeling feverish or a measured temperature greater than or equal to 100.0 degrees Fahrenheit
    - Known close contact with a person who is lab confirmed to have COVID-19
EMPLOYERS AND EVENT ORGANIZERS: Page 2 of 5

☐ Do not allow employees or contractors with new or worsening signs or symptoms listed above to return to work until:
  - In the case of an employee or contractor who was diagnosed with COVID-19, the individual may return to work when all three of the following criteria are met: at least 3 days (72 hours) have passed since recovery (resolution of fever without the use of fever-reducing medications); and the individual has improvement in symptoms (e.g., cough, shortness of breath); and at least 10 days have passed since symptoms first appeared; or
  - In the case of an employee or contractor who has symptoms that could be COVID-19 and does not get evaluated by a medical professional or tested for COVID-19, the individual is assumed to have COVID-19, and the individual may not return to work until the individual has completed the same three-step criteria listed above; or
  - If the employee or contractor has symptoms that could be COVID-19 and wants to return to work before completing the above self-isolation period, the individual must obtain a medical professional’s note clearing the individual for return based on an alternative diagnosis.

☐ Do not allow an employee or contractor with known close contact to a person who is lab-confirmed to have COVID-19 to return to work until the end of the 14 day self-quarantine period from the last date of exposure (with an exception granted for healthcare workers and critical infrastructure workers).

☐ Conduct temperature checks on all employees and contractors at the beginning of their shift, where feasible.

☐ Have employees and contractors wash or sanitize their hands upon entering the business.

☐ Have employees and contractors maintain at least 6 feet separation from other individuals. If such distancing is not feasible, other measures such as hand hygiene, cough etiquette, cleanliness, and sanitation should be rigorously practiced.

☐ As appropriate, stagger schedules for employees to minimize close contact:
  ☐ Stagger break time schedules to minimize interactions between employees and/or contractors.
  ☐ Stagger start and end times for employees and/or contractors in each shift.

☐ Continue to encourage individuals to work remotely if possible.

☐ If an employer provides a meal for employees and/or contractors, employers are recommended to have the meal individually packed for each individual.

☐ Employees should be instructed to understand that young children and persons who are unable to adjust or remove face coverings should not be regarded as suitable candidates for wearing face coverings. In this case, the decision is up to the individual or their parent, guardian or attendant.

Health protocols for your facilities:

☐ If 6 feet of separation is not available between employees, contractors, and/or customers inside the facility, consider the use of engineering controls, such as dividers between individuals, to minimize the chances of transmission of COVID-19.
EMPLOYERS AND EVENT ORGANIZERS: Page 3 of 5

☐ Regularly and frequently clean and disinfect any regularly touched surfaces, such as doorknobs, tables, chairs, and restrooms.

☐ Disinfect any items that come into contact with customers.

☐ Make hand sanitizer, disinfecting wipes, soap and water, or similar disinfectant readily available to employees, contractors, and customers.

☐ Consider placing readily visible signage at the business to remind everyone of best hygiene practices.

☐ Contactless payment is encouraged. Where not available, contact should be minimized.

☐ Consider having an employee or contractor manage and control access to the facility, including opening doors to prevent patrons from touching door handles.

☐ Clean and sanitize the facility regularly, and at least daily.

☐ Limit the use of standard-size elevators to four individuals at a time, each located at a different corner of the elevator to avoid close contact. Masks should be worn in elevators. Utilize touchpoint cleaning and nanoseptic button covers if appropriate. For individuals not wishing to ride an elevator, ensure stairways are available for use. As appropriate, individuals subject to the Americans with Disabilities Act may ride the elevator alone or accompanied by the individual’s caregiver.

☐ For employers with more than 10 employees and/or contractors present at one time, consider having an individual wholly or partially dedicated to ensuring the health protocols adopted by the employer are being successfully implemented and followed.

If you rent equipment:

☐ Disinfect all equipment before and after use.

☐ To the extent an individual brings their own equipment to the business, the individual should disinfect the equipment before and after use.

☐ Provide equipment cleaning products throughout facility for use on equipment.

Limits on occupancy/group size:

☐ The number of customers/patrons inside any indoor facility is limited to 50% of the facility’s total listed occupancy.

☐ There is no limit on the number of individuals who may be outside at your facility, provided they are following proper social distancing guidelines and comply with the outside events protocols on this website.

☐ Configure your facility such that customers or patrons are separated by at least 6 feet from others not within the individual’s group while at the facility. The individual’s group may not exceed 10 individuals who go to the facility together. A group is defined as no more than 10 persons including the members of the household and those persons who traveled together to the event or facility.
EMPLOYERS AND EVENT ORGANIZERS: Page 4 of 5

☐ As appropriate, consider utilizing remote ticketing options to help manage capacity limitations.

☐ As appropriate, modify entry and exit procedures to ensure individuals are able to maintain 6 feet separation from individuals outside their group while entering and exiting the facility.

☐ No tables of more than 10 individuals.

☐ For theater-style seating, ensure proper spacing between patrons by choosing one of these methods to achieve 6 feet social distancing between groups of patrons and to not exceed 50% of the facility’s indoor occupancy limits:

☐ For facilities that configure seating arrangements that are not in rows, ensure at least 6 feet of separation between other groups. No tables of more than 10 people.

☐ For facilities that configure seating arrangements in rows, maintain at least two empty seats (or six feet separation) between groups in any row, except as follows:
  - Two or more members of the same household can sit adjacent to one another, with two seats (or six feet separation) empty on either side.
  - Two individuals who are not members of the same household but who are attending together can sit adjacent to one another, with two seats (or six feet separation) empty on either side.
  - Alternate rows between patrons (every other row left empty), as appropriate.

☐ If the facility has outdoor seating, individuals should avoid being in groups larger than 10 individuals. Within these groups, individuals should, to the extent possible, minimize in-person contact with others not in the individual’s household. Minimizing in-person contact includes maintaining 6 feet of separation from individuals. When maintaining 6 feet of separation is not feasible, other methods should be utilized to slow the spread of COVID-19, such as wearing a face covering or mask, washing or sanitizing hand frequently, and avoiding sharing utensils or other common objects.

If you serve food and/or beverages:

☐ For waiter-provided food service:
  ☐ Do not leave condiments, silverware, flatware, glassware, or other traditional table top items on an unoccupied table.
  ☐ Provide condiments only upon request, and in single use (non-reusable) portions.
  ☐ Clean and disinfect the area used for dining (table, etc.) after each group of customers depart the theater.
  ☐ Use disposable menus (new for each patron).
  ☐ If you allow customers to write down their food orders, provide take-home pencils and notepads that cannot be used by other customers.
  ☐ Have wait staff sanitize or wash hands between interactions with customers.
EMPLOYERS AND EVENT ORGANIZERS: Page 5 of 5

☐ For counter food service:
  ☐ Provide condiments or flatware only in single use, individually-wrapped items, and provide condiments only upon request.
  ☐ Have employees and contractors follow proper food-handling protocols.
  ☐ Disinfect any items that come into contact with customers.
  ☐ Clean and disinfect the area used for dining (table, etc.) after each group of customers depart, including the disinfecting of tables, chairs, stalls, and countertops.

If you provide valet parking services:

☐ Utilize the following personal protective equipment for employees and contractors:
  ☐ Cloth face coverings over the nose and mouth, or, if available, non-medical grade face masks over the nose and mouth
  ☐ Single-use disposable gloves that are changed between every interaction with customers and/or vehicles
  ☐ Vehicle door handles, ignition switch, steering wheel, and shift knob should be wiped with disinfectant as the valet employee enters and exits the vehicle.
  ☐ All workstations and work equipment should be cleaned at the start and the end of each shift, as well as every hour during the shift. These workstations should include the valet podium, key storage locker, tablets, fee computers, receipt printers, etc.
  ☐ Valet parking operators should employ contactless payment whenever possible.
  ☐ For high volume operations, appropriate physical distancing indicators should be established to ensure customers maintain at least six feet of distance as they wait for their vehicle.
  ☐ Where possible, alternative parking options should be provided for customers who are uncomfortable with valet parking.

If you have video game equipment or other interactive amusements:

☐ Assign at least one employee or contractor full time to disinfect the video games and other interactive amusements. **Continuous disinfecting is needed to protect customers.**
  ☐ Disinfect all gaming equipment before and after customer use, if possible.
  ☐ Provide equipment disinfecting products throughout facility for use on equipment.
  ☐ Ensure only one player can play a game at a time.
  ☐ Provide for at least 6 feet of separation between games.
  ☐ Provide hand sanitizer throughout the video game or interactive amusement area.
CHECKLIST FOR OUTDOOR EVENTS

Outdoor events, such as July 4 celebrations and other large outdoor gatherings with estimated attendance of 10 or more, are permissible to hold in Texas. The county judge or the mayor, as appropriate, in coordination with the local public health authority, must give approval to such an outdoor gathering or event prior to it being held.

All individuals must wear a face covering (over the nose and mouth) wherever it is not feasible to maintain six feet of social distancing from another individual not in the same household or, for those engaging in physical activities outdoors, wherever the individual is not able to maintain a safe physical distance from others not in the same household.

The following are the minimum recommended health protocols for all outdoor events in Texas. These minimum health protocols are not a limit on the health protocols that individuals may adopt. Individuals are encouraged to adopt additional protocols consistent with their specific needs and circumstances to help protect the health and safety of all Texans.

The virus that causes COVID-19 can be spread to others by infected persons who have few or no symptoms. Even if an infected person is only mildly ill, the people they spread it to may become seriously ill or even die, especially if that person is 65 or older with pre-existing health conditions that place them at higher risk. Because of the hidden nature of this threat, everyone should rigorously follow the practices specified in these protocols, all of which facilitate a safe and measured reopening of Texas. The virus that causes COVID-19 is still circulating in our communities. We should continue to observe practices that protect everyone, including those who are most vulnerable.

Please note, public health guidance cannot anticipate every unique situation. Individuals should stay informed and take actions based on common sense and wise judgment that will protect health and support economic revitalization.

Health protocols for individuals:

☐ Individuals aged 65 or older are at a higher risk of COVID-19. To the extent possible, avoid contact within 6 feet with individuals aged 65 and older. Individuals aged 65 and older should stay at home as much as possible. Large gatherings, even those held outside, pose a significant risk to this population.

☐ Individuals may not be in a group larger than 10 individuals (including those within the individual’s household). Within these groups, individuals should, to the extent possible, minimize in-person contact with others not in the individual’s household. Minimizing in-person contact includes maintaining 6 feet of separation from individuals. When maintaining 6 feet of separation is not feasible, other methods should be utilized to slow the spread of COVID-19, such as washing or sanitizing hand frequently, and avoiding sharing utensils or other common objects.

☐ Individuals should maintain 6 feet of separation from others outside the individual’s group. A group is defined as no more than 10 persons including the members of the household and those persons who traveled together to the event.

☐ Self-screen before going to an outdoor event for any of the following new or worsening signs or symptoms of possible COVID-19:
  - Cough
  - Shortness of breath or difficulty breathing
  - Chills
  - Repeated shaking with chills
  - Muscle pain
  - Headache
  - Sore throat
  - Loss of taste or smell
  - Diarrhea
  - Feeling feverish or a measured temperature greater than or equal to 100.0 degrees Fahrenheit
  - Known close contact with a person who is lab confirmed to have COVID-19
OUTDOOR EVENTS: Page 2 of 2

☐ Wash or disinfect hands after any interaction with employees, other individuals, or items at the outdoor event.

☐ Clean and sanitize any items before and after use.

Local approval factors:

☐ Local approval for large outdoor gatherings (those with an estimated attendance exceeding 10 individuals) is appropriate in this instance because a statewide standard is unable to take into account the various factors needed to ensure such a gathering in varied locations is safe and will minimize the spread of COVID-19. Further, business parity is not an issue at large outdoor events.

☐ In evaluating large gatherings (those with an estimated attendance exceeding 10 individuals), the county judge or the mayor, as applicable, should consider the following factors:
  ☐ The overall number of projected attendees;
  ☐ The likelihood of individuals over the age of 65 attending;
  ☐ The density of the forum and the ability to ensure social distancing of 6 feet between individuals; and
  ☐ The level of transmission in the county.

☐ Gatherings of less than 10 individuals may proceed consistent with all the health protocols above without approval of the county judge, local health authority, or mayor, as applicable.

City of Fredericksburg  
Attn: Jennifer Krupa, Special Events Coordinator  
126 W. Main Street  
Fredericksburg, TX 78624
Dear Mayor & City Council;

This letter constitutes a request by the 132nd Annual Gillespie County Fair & Festivals Parade Committee to the city of Fredericksburg to stage our annual parade on Friday, August 21st, 2020, at 10:00 a.m.

We plan to use the same assembly area, parade route and parade format as in previous years. The parade committee plans on adhering to all CDC guidelines. We will have porta potties, hand wash stations, and hand sanitizing stations placed throughout the parade staging areas. We will also adhere to the 6 ft Social distancing rule as well as all parade entries remaining with their parade entries (ie no wondering around talking with other entries etc.). We will recommend the wearing of masks per the Gov. orders.

Thank you Mayor, City Council, and all city staff for your support of our community event for the past years. We hope to continue to instill a sense of unification in our city for years to come.

Please contact our Parade Chair, Jason Priess at (830) 992-9333 or the GCFFA Office at (830) 997-2359 if you need further information. Covid 19 guidelines we will be implementing.

However, due to the current COVID-19 situation, PLEASE respect & adhere to the following CDC guidelines:
1. If you are feeling sick, PLEASE do not enter the parade staging area
2. Unless it's someone attending with you, PLEASE stay 6' away from other Patrons
3. If possible, PLEASE wear a mask or face covering. If not possible, PLEASE cover coughs & sneezes
4. PLEASE wash your hands often

**An inherent risk of exposure to COVID-19 exists in any public place where people are present. COVID-19 is an extremely contagious disease that can lead to severe illness and death. According to the CDC, senior citizens age 65 and older and guests with underlying medical conditions are especially vulnerable. By visiting The Gillespie County Fair & Festivals Fair or Parade, you voluntarily assume all risks related to exposure to COVID-19.**

Sincerely yours,

Jason & Priess

CITY COUNCIL MEMO

DATE: July 14, 2020

TO: Mayor and City Council

FROM: Jennifer Krupa, Special Events Coordinator

SUBJECT: Texas Mesquite Arts Festival: Health & Safety Plan

Summary:
The city council should decide if the Texas Mesquite Arts Festival at Marktplatz can be held on October 9, 10, & 11, 2020, while meeting the minimum recommended health protocols, subject to revision by the Mayor.

Recommendation:
City Council should discuss and take appropriate action on the Texas Mesquite Arts Festival, using the attached health & safety plan submitted by the event organizer.

Background / Analysis:
Governor Abbott released Executive Order No. GA-28 on the morning of June 26, 2020 relating to the targeted response to the COVID-19 disaster as part of the reopening of Texas. Section 5 states: For any outdoor gathering in excess of 100 people, other than those set forth above in paragraph numbers 1, 2, or 4, the gathering is prohibited unless the mayor of the city in which the gathering is held, or the county judge in the case of a gathering in an unincorporated area, approves of the gathering, and such approval can be made subject to certain conditions or restrictions not inconsistent with this executive order.

The Governor then issued a proclamation on July 2, 2020 that amended paragraph numbers 5 and 12 of Executive Order GA-28, effective at 12:01 p.m. on July 3, 2020, to read as follows:
5. For any outdoor gathering in excess of 10 people, other than those set forth above in paragraph numbers 1, 2, or 4, the gathering is prohibited unless the mayor of the city in which the gathering is held, or the county judge in the case of a gathering in an unincorporated area, approves of the gathering, and such approval can be made subject to certain conditions or restrictions not inconsistent with this executive order;

12. Except as provided in this executive order or in the minimum standard health protocols recommended by DSHS, found at www.dshs.texas.gov/coronavirus, people shall not be in groups larger than 10 and shall maintain six feet of social distancing from those not in their group;

This proclamation shall remain in effect and in full force for as long as Executive Order GA-28 is in effect and in full force, unless otherwise modified, amended, rescinded, or superseded by the governor,

BY THE
GOVERNOR OF THE STATE OF TEXAS

Executive Department
Austin, Texas
June 26, 2020

EXECUTIVE ORDER
GA 28

Relating to the targeted response to the COVID-19 disaster as part of the reopening of Texas.

WHEREAS, I, Greg Abbott, Governor of Texas, issued a disaster proclamation on March 13, 2020, certifying under Section 418.014 of the Texas Government Code that the novel coronavirus (COVID-19) poses an imminent threat of disaster for all counties in the State of Texas; and

WHEREAS, in each subsequent month effective through today, I have renewed the disaster declaration for all Texas counties; and

WHEREAS, the Commissioner of the Texas Department of State Health Services (DSHS), Dr. John Hellerstedt, has determined that COVID-19 continues to represent a public health disaster within the meaning of Chapter 81 of the Texas Health and Safety Code; and

WHEREAS, I have issued executive orders and suspensions of Texas laws in response to COVID-19, aimed at protecting the health and safety of Texans and ensuring an effective response to this disaster; and

WHEREAS, I issued Executive Order GA-08 on March 19, 2020, mandating certain social-distancing restrictions for Texans in accordance with guidelines promulgated by President Donald J. Trump and the Centers for Disease Control and Prevention (CDC); and

WHEREAS, I issued Executive Order GA-14 on March 31, 2020, expanding the social-distancing restrictions for Texans based on guidance from health experts and the President; and

WHEREAS, I subsequently issued Executive Orders GA-16, GA-18, GA-21, GA-23, and GA-26 from April through early June 2020, aiming to achieve the least restrictive means of combatting the threat to public health by continuing certain social-distancing restrictions, while implementing a safe, strategic plan to Open Texas; and

WHEREAS, as Texas reopens in the midst of COVID-19, increased spread is to be expected, and the key to controlling the spread and keeping Texas residents safe is for all Texans to consistently follow good hygiene and social-distancing practices, especially those set forth in the minimum standard health protocols from DSHS; and

WHEREAS, due to recent substantial increases in COVID-19 positive cases, and increases in the COVID-19 positivity rate and hospitalizations resulting from COVID-19, targeted and temporary adjustments to the reopening plan are needed to achieve the
least restrictive means for reducing the growing spread of COVID-19 and the resulting imminent threat to public health, and to avoid a need for more extreme measures; and

WHEREAS, everyone must act safely, and to that end, this executive order and prior executive orders provide that all persons should follow the health protocols from DSHS, which whenever achieved will mean compliance with the minimum standards for safely reopening, but which should not be used to fault those who act in good faith but can only substantially comply with the standards in light of scarce resources and other extenuating COVID-19 circumstances; and

WHEREAS, the "governor is responsible for meeting ... the dangers to the state and people presented by disasters" under Section 418.011 of the Texas Government Code, and the legislature has given the governor broad authority to fulfill that responsibility;

and

WHEREAS, failure to comply with any executive order issued during the COVID-19 disaster is an offense punishable under Section 418.173 by a fine not to exceed $1,000, and may be subject to regulatory enforcement;

NOW, THEREFORE, I, Greg Abbott, Governor of Texas, by virtue of the power and authority vested in me by the Constitution and laws of the State of Texas, and in accordance with guidance from DSHS Commissioner Dr. Hellerstedt and other medical advisors, the Governor’s Strike Force to Open Texas, the White House, and the CDC, do hereby order the following on a statewide basis effective at noon on June 26, 2020:

Every business establishment in Texas shall operate at no more than 50 percent of the total listed occupancy of the establishment; provided, however, that:

1. There is no occupancy limit for the following:
   a. any services listed by the U.S. Department of Homeland Security’s Cybersecurity and Infrastructure Security Agency (CISA) in its Guidance on the Essential Critical Infrastructure Workforce, Version 3.1 or any subsequent version;
   b. religious services, including those conducted in churches, congregations, and houses of worship;
   c. local government operations, including county and municipal governmental operations relating to licensing (including marriage licenses), permitting, recordation, and document-filing services, as determined by the local government;
   d. child-care services;
   e. youth camps, including but not limited to those defined as such under Chapter 141 of the Texas Health and Safety Code, and including all summer camps and other daytime and overnight camps for youths; and
   f. recreational sports programs for youths and adults;

2. Except as provided below by paragraph number 5, this 50 percent occupancy limit does not apply to outdoor areas, events, or establishments, except that the following outdoor areas or outdoor venues shall operate at no more than 50 percent of the normal operating limits as determined by the owner:
   a. professional, collegiate, or similar sporting events;
   b. swimming pools;
   c. water parks;
   d. museums and libraries;
   e. zoos, aquariums, natural caverns, and similar facilities; and
f. rodeos and equestrian events;

3. This 50 percent occupancy limit does not apply to the following establishments that operate with at least six feet of social distancing between work stations:
   a. cosmetology salons, hair salons, barber shops, nail salons/shops, and other establishments where licensed cosmetologists or barbers practice their trade;
   b. massage establishments and other facilities where licensed massage therapists or other persons licensed or otherwise authorized to practice under Chapter 455 of the Texas Occupations Code practice their trade; and
   c. other personal-care and beauty services such as tanning salons, tattoo studios, piercing studios, hair removal services, and hair loss treatment and growth services;

4. Amusement parks shall operate at no more than 50 percent of the normal operating limits as determined by the owner;

5. For any outdoor gathering in excess of 100 people, other than those set forth above in paragraph numbers 1, 2, or 4, the gathering is prohibited unless the mayor of the city in which the gathering is held, or the county judge in the case of a gathering in an unincorporated area, approves of the gathering, and such approval can be made subject to certain conditions or restrictions not inconsistent with this executive order;

6. For dine-in services by restaurants that have less than 51 percent of their gross receipts from the sale of alcoholic beverages, the occupancy limit shall remain at 75 percent until 12:01 a.m. on June 29, 2020, at which time such restaurants may only operate at up to 50 percent of the total listed occupancy of the restaurant, subject to paragraph number 9 below;

7. People shall not visit bars or similar establishments that hold a permit from the Texas Alcoholic Beverage Commission (TABC) and are not restaurants as defined above in paragraph number 6; provided, however, that the use by such bars or similar establishments of drive-thru, pickup, or delivery options for food and drinks is allowed to the extent authorized by TABC;

8. People shall not use commercial rafting or tubing services, including rental of rafts or tubes and transportation of people for the purpose of rafting or tubing;

9. For any business establishment that is subject to a 50 percent "total listed occupancy" limit or "normal operating limit," and that is in a county that has filed with DSHS, and is in compliance with the requisite attestation form promulgated by DSHS regarding minimal cases of COVID-19, the business establishment may operate at up to 75 percent of the total listed occupancy or normal operating limit of the establishment;

10. For purposes of this executive order, facilities with retractable roofs are considered indoor facilities, whether the roof is opened or closed;

11. Staff members are not included in determining operating levels, except for manufacturing services and office workers;

12. Except as provided in this executive order or in the minimum standard health protocols recommended by DSHS, found at www.dshs.texas.gov/coronavirus, people should not be in groups larger than ten and should maintain six feet of social distancing from those not in their group;

13. People over the age of 65 are strongly encouraged to stay at home as much as possible; to maintain appropriate distance from any member of the household who has been out of the residence in the previous 14 days; and, if leaving the
home, to implement social distancing and to practice good hygiene, environmental cleanliness, and sanitation;

14. In providing or obtaining services, every person (including individuals, businesses, and other legal entities) should use good-faith efforts and available resources to follow the minimum standard health protocols recommended by DSHS;

15. Nothing in this executive order or the DSHS minimum standards precludes requiring a customer to follow additional hygiene measures when obtaining services. Individuals are encouraged to wear appropriate face coverings, but no jurisdiction can impose a civil or criminal penalty for failure to wear a face covering;

16. People shall not visit nursing homes, state supported living centers, assisted living facilities, or long-term care facilities unless as determined through guidance from the Texas Health and Human Services Commission (HHS). Nursing homes, state supported living centers, assisted living facilities, and long-term care facilities should follow infection control policies and practices set forth by HHS, including minimizing the movement of staff between facilities whenever possible; and

17. For the remainder of the 2019-2020 school year, public schools may resume operations for the summer as provided by, and under the minimum standard health protocols found in, guidance issued by the Texas Education Agency (TEA). Private schools and institutions of higher education are encouraged to establish similar standards. Notwithstanding anything herein to the contrary, schools may conduct graduation ceremonies consistent with the minimum standard health protocols found in guidance issued by TEA.

Notwithstanding anything herein to the contrary, the governor may by proclamation add to the list of establishments or venues that people shall not visit.

This executive order shall supersede any conflicting order issued by local officials in response to the COVID-19 disaster, but only to the extent that such a local order restricts services allowed by this executive order, or expands the list or scope of services as set forth in this executive order. Pursuant to Section 418.016(a) of the Texas Government Code, I hereby suspend Sections 418.101(5) and 418.108 of the Texas Government Code, Chapter 81, Subchapter E of the Texas Health and Safety Code, and any other relevant statutes, to the extent necessary to ensure that local officials do not impose restrictions in response to the COVID-19 disaster that are inconsistent with this executive order, provided that local officials may enforce this executive order as well as local restrictions that are consistent with this executive order.

All existing state executive orders relating to COVID-19 are amended to eliminate confinement in jail as an available penalty for violating the executive order. To the extent any order issued by local officials in response to the COVID-19 disaster would allow confinement in jail as an available penalty for violating a COVID-19-related order, that order allowing confinement in jail is superseded, and I hereby suspend all relevant laws to the extent necessary to ensure that local officials do not confine people in jail for violating any executive order or local order issued in response to the COVID-19 disaster.

This executive order supersedes Executive Order GA-26, but does not supersede Executive Orders GA-10, GA-13, GA-17, GA-19, GA-24, GA-25, or GA-27. This
executive order shall remain in effect and in full force unless it is modified, amended, rescinded, or superseded by the governor. This executive order may also be amended by proclamation of the governor.

Given under my hand this the 26th day of June, 2020.

CHECKLIST FOR ALL EMPLOYERS AND EVENT ORGANIZERS

This checklist is for businesses and entities that fall into a category of business type without a more specific minimum standard health protocol on this website. Those businesses and entities should follow the protocols relevant to operations of the business or entity. All employees and customers must wear a face covering (over the nose and mouth) wherever it is not feasible to maintain six feet of social distancing from another individual not in the same household or, for those engaging in physical activities outdoors, wherever the individual is not able to maintain a safe physical distance from others not in the same household.

The following are the minimum recommended health protocols for all businesses and other entities choosing to operate in Texas. Employers may adopt additional protocols consistent with their specific needs and circumstances to help protect the health and safety of all employees, contractors, and customers.

The virus that causes COVID-19 can be spread to others by infected persons who have few or no symptoms. Even if an infected person is only mildly ill, the people they spread it to may become seriously ill or even die, especially if that person is 65 or older with pre-existing health conditions that place them at higher risk. Because of the hidden nature of this threat, everyone should rigorously follow the practices specified in these protocols, all of which facilitate a safe and measured reopening of Texas. The virus that causes COVID-19 is still circulating in our communities. We should continue to observe practices that protect everyone, including those who are most vulnerable.

Please note, public health guidance cannot anticipate every unique situation. Employers should stay informed and take actions based on common sense and wise judgment that will protect health and support economic revitalization. Employers should also be mindful of federal and state employment and disability laws, workplace safety standards, and accessibility standards to address the needs of both workers and customers.

Health protocols for your employees and contractors:

- Train all employees and contractors on appropriate cleaning and disinfection, hand hygiene, and respiratory etiquette.

- Screen employees and contractors before coming into the business:
  - Send home any employee or contractor who has any of the following new or worsening signs or symptoms of possible COVID-19:
    - Cough
    - Shortness of breath or difficulty breathing
    - Chills
    - Repeated shaking with chills
    - Muscle pain
    - Headache
    - Sore throat
    - Loss of taste or smell
    - Diarrhea
    - Feeling feverish or a measured temperature greater than or equal to 100.0 degrees Fahrenheit
    - Known close contact with a person who is lab confirmed to have COVID-19
EMPLOYERS AND EVENT ORGANIZERS: Page 2 of 5

☐ Do not allow employees or contractors with new or worsening signs or symptoms listed above to return to work until:
  - In the case of an employee or contractor who was diagnosed with COVID-19, the individual may return to work when all three of the following criteria are met: at least 3 days (72 hours) have passed since recovery (resolution of fever without the use of fever-reducing medications); and the individual has improvement in symptoms (e.g., cough, shortness of breath); and at least 10 days have passed since symptoms first appeared; or
  - In the case of an employee or contractor who has symptoms that could be COVID-19 and does not get evaluated by a medical professional or tested for COVID-19, the individual is assumed to have COVID-19, and the individual may not return to work until the individual has completed the same three-step criteria listed above; or
  - If the employee or contractor has symptoms that could be COVID-19 and wants to return to work before completing the above self-isolation period, the individual must obtain a medical professional's note clearing the individual for return based on an alternative diagnosis.

☐ Do not allow an employee or contractor with known close contact to a person who is lab-confirmed to have COVID-19 to return to work until the end of the 14 day self-quarantine period from the last date of exposure (with an exception granted for healthcare workers and critical infrastructure workers).

☐ Conduct temperature checks on all employees and contractors at the beginning of their shift, where feasible.

☐ Have employees and contractors wash or sanitize their hands upon entering the business.

☐ Have employees and contractors maintain at least 6 feet separation from other individuals. If such distancing is not feasible, other measures such as hand hygiene, cough etiquette, cleanliness, and sanitation should be rigorously practiced.

☐ As appropriate, staggering schedules for employees to minimize close contact:
  - Stagger break time schedules to minimize interactions between employees and/or contractors.
  - Stagger start and end times for employees and/or contractors in each shift.

☐ Continue to encourage individuals to work remotely if possible.

☐ If an employer provides a meal for employees and/or contractors, employers are recommended to have the meal individually packed for each individual.

☐ Employees should be instructed to understand that young children and persons who are unable to adjust or remove face coverings should not be regarded as suitable candidates for wearing face coverings. In this case, the decision is up to the individual or their parent, guardian or attendant.

Health protocols for your facilities:

☐ If 6 feet of separation is not available between employees, contractors, and/or customers inside the facility, consider the use of engineering controls, such as dividers between individuals, to minimize the chances of transmission of COVID-19.
EMPLOYERS AND EVENT ORGANIZERS: Page 3 of 5

☐ Regularly and frequently clean and disinfect any regularly touched surfaces, such as doorknobs, tables, chairs, and restrooms.

☐ Disinfect any items that come into contact with customers.

☐ Make hand sanitizer, disinfecting wipes, soap and water, or similar disinfectant readily available to employees, contractors, and customers.

☐ Consider placing readily visible signage at the business to remind everyone of best hygiene practices.

☐ Contactless payment is encouraged. Where not available, contact should be minimized.

☐ Consider having an employee or contractor manage and control access to the facility, including opening doors to prevent patrons from touching door handles.

☐ Clean and sanitize the facility regularly, and at least daily.

☐ Limit the use of standard-size elevators to four individuals at a time, each located at a different corner of the elevator to avoid close contact. Masks should be worn in elevators. Utilize touchpoint cleaning and nanoseptic button covers if appropriate. For individuals not wishing to ride an elevator, ensure stairways are available for use. As appropriate, individuals subject to the Americans with Disabilities Act may ride the elevator alone or accompanied by the individual’s caregiver.

☐ For employers with more than 10 employees and/or contractors present at one time, consider having an individual wholly or partially dedicated to ensuring the health protocols adopted by the employer are being successfully implemented and followed.

If you rent equipment:

☐ Disinfect all equipment before and after use.

☐ To the extent an individual brings their own equipment to the business, the individual should disinfect the equipment before and after use.

☐ Provide equipment cleaning products throughout facility for use on equipment.

Limits on occupancy/group size:

☐ The number of customers/patrons inside any indoor facility is limited to 50% of the facility’s total listed occupancy.

☐ There is no limit on the number of individuals who may be outside at your facility, provided they are following proper social distancing guidelines and comply with the outside events protocols on this website.

☐ Configure your facility such that customers or patrons are separated by at least 6 feet from others not within the individual’s group while at the facility. The individual’s group may not exceed 10 individuals who go to the facility together. A group is defined as no more than 10 persons including the members of the household and those persons who traveled together to the event or facility.
EMPLOYERS AND EVENT ORGANIZERS: Page 4 of 5

☐ As appropriate, consider utilizing remote ticketing options to help manage capacity limitations.

☐ As appropriate, modify entry and exit procedures to ensure individuals are able to maintain 6 feet separation from individuals outside their group while entering and exiting the facility.

☐ No tables of more than 10 individuals.

☐ For theater-style seating, ensure proper spacing between patrons by choosing one of these methods to achieve 6 feet social distancing between groups of patrons and to not exceed 50% of the facility’s indoor occupancy limits:

☐ For facilities that configure seating arrangements that are not in rows, ensure at least 6 feet of separation between other groups. No tables of more than 10 people.

☐ For facilities that configure seating arrangements in rows, maintain at least two empty seats (or six feet separation) between groups in any row, except as follows:
  - Two or more members of the same household can sit adjacent to one another, with two seats (or six feet separation) empty on either side.
  - Two individuals who are not members of the same household but who are attending together can sit adjacent to one another, with two seats (or six feet separation) empty on either side.
  - Alternate rows between patrons (every other row left empty), as appropriate.

☐ If the facility has outdoor seating, individuals should avoid being in groups larger than 10 individuals. Within these groups, individuals should, to the extent possible, minimize in-person contact with others not in the individual’s household. Minimizing in-person contact includes maintaining 6 feet of separation from individuals. When maintaining 6 feet of separation is not feasible, other methods should be utilized to slow the spread of COVID-19, such as wearing a face covering or mask, washing or sanitizing hand frequently, and avoiding sharing utensils or other common objects.

If you serve food and/or beverages:

☐ For waiter-provided food service:
  - Do not leave condiments, silverware, flatware, glassware, or other traditional table top items on an unoccupied table.
  - Provide condiments only upon request, and in single use (non-reusable) portions.
  - Clean and disinfect the area used for dining (table, etc.) after each group of customers depart the theater.
  - Use disposable menus (new for each patron).
  - If you allow customers to write down their food orders, provide take-home pencils and notepads that cannot be used by other customers.
  - Have wait staff sanitize or wash hands between interactions with customers.
EMPLOYERS AND EVENT ORGANIZERS: Page 5 of 5

☐ For counter food service:
  ☐ Provide condiments or flatware only in single use, individually-wrapped items, and provide condiments only upon request.
  ☐ Have employees and contractors follow proper food-handling protocols.
  ☐ Disinfect any items that come into contact with customers.
  ☐ Clean and disinfect the area used for dining (table, etc.) after each group of customers depart, including the disinfecting of tables, chairs, stalls, and countertops.

If you provide valet parking services:

☐ Utilize the following personal protective equipment for employees and contractors:
  ☐ Cloth face coverings over the nose and mouth, or, if available, non-medical grade face masks over the nose and mouth
  ☐ Single-use disposable gloves that are changed between every interaction with customers and/or vehicles
  ☐ Vehicle door handles, ignition switch, steering wheel, and shift knob should be wiped with disinfectant as the valet employee enters and exits the vehicle.
  ☐ All workstations and work equipment should be cleaned at the start and the end of each shift, as well as every hour during the shift. These workstations should include the valet podium, key storage locker, tablets, fee computers, receipt printers, etc.
  ☐ Valet parking operators should employ contactless payment whenever possible.
  ☐ For high volume operations, appropriate physical distancing indicators should be established to ensure customers maintain at least six feet of distance as they wait for their vehicle.
  ☐ Where possible, alternative parking options should be provided for customers who are uncomfortable with valet parking.

If you have video game equipment or other interactive amusements:

☐ Assign at least one employee or contractor full time to disinfect the video games and other interactive amusements. Continuous disinfecting is needed to protect customers.
☐ Disinfect all gaming equipment before and after customer use, if possible.
☐ Provide equipment disinfecting products throughout facility for use on equipment.
☐ Ensure only one player can play a game at a time.
☐ Provide for at least 6 feet of separation between games.
☐ Provide hand sanitizer throughout the video game or interactive amusement area.
CHECKLIST FOR OUTDOOR EVENTS

Outdoor events, such as July 4 celebrations and other large outdoor gatherings with estimated attendance of 10 or more, are permissible to hold in Texas. The county judge or the mayor, as appropriate, in coordination with the local public health authority, must give approval to such an outdoor gathering or event prior to it being held.

All individuals must wear a face covering (over the nose and mouth) wherever it is not feasible to maintain six feet of social distancing from another individual not in the same household or, for those engaging in physical activities outdoors, wherever the individual is not able to maintain a safe physical distance from others not in the same household.

The following are the minimum recommended health protocols for all outdoor events in Texas. These minimum health protocols are not a limit on the health protocols that individuals may adopt. Individuals are encouraged to adopt additional protocols consistent with their specific needs and circumstances to help protect the health and safety of all Texans.

The virus that causes COVID-19 can be spread to others by infected persons who have few or no symptoms. Even if an infected person is only mildly ill, the people they spread it to may become seriously ill or even die, especially if that person is 65 or older with pre-existing health conditions that place them at higher risk. Because of the hidden nature of this threat, everyone should rigorously follow the practices specified in these protocols, all of which facilitate a safe and measured reopening of Texas. The virus that causes COVID-19 is still circulating in our communities. We should continue to observe practices that protect everyone, including those who are most vulnerable.

Please note, public health guidance cannot anticipate every unique situation. Individuals should stay informed and take actions based on common sense and wise judgment that will protect health and support economic revitalization.

Health protocols for individuals:

☐ Individuals aged 65 or older are at a higher risk of COVID-19. To the extent possible, avoid contact within 6 feet with individuals aged 65 and older. Individuals aged 65 and older should stay at home as much as possible. Large gatherings, even those held outside, pose a significant risk to this population.

☐ Individuals may not be in a group larger than 10 individuals (including those within the individual’s household). Within these groups, individuals should, to the extent possible, minimize in-person contact with others not in the individual’s household. Minimizing in-person contact includes maintaining 6 feet of separation from individuals. When maintaining 6 feet of separation is not feasible, other methods should be utilized to slow the spread of COVID-19, such as washing or sanitizing hands frequently, and avoiding sharing utensils or other common objects.

☐ Individuals should maintain 6 feet of separation from others outside the individual’s group. A group is defined as no more than 10 persons including the members of the household and those persons who traveled together to the event.

☐ Self-screen before going to an outdoor event for any of the following new or worsening signs or symptoms of possible COVID-19:
   ☐ Cough
   ☐ Shortness of breath or difficulty breathing
   ☐ Chills
   ☐ Repeated shaking with chills
   ☐ Muscle pain
   ☐ Headache
   ☐ Sore throat
   ☐ Loss of taste or smell
   ☐ Diarrhea
   ☐ Feeling feverish or a measured temperature greater than or equal to 100.0 degrees Fahrenheit
   ☐ Known close contact with a person who is lab confirmed to have COVID-19
OUTDOOR EVENTS: Page 2 of 2

☐ Wash or disinfect hands after any interaction with employees, other individuals, or items at the outdoor event.

☐ Clean and sanitize any items before and after use.

Local approval factors:

☐ Local approval for large outdoor gatherings (those with an estimated attendance exceeding 10 individuals) is appropriate in this instance because a statewide standard is unable to take into account the various factors needed to ensure such a gathering in varied locations is safe and will minimize the spread of COVID-19. Further, business parity is not an issue at large outdoor events.

☐ In evaluating large gatherings (those with an estimated attendance exceeding 10 individuals), the county judge or the mayor, as applicable, should consider the following factors:
  ☐ The overall number of projected attendees;
  ☐ The likelihood of individuals over the age of 65 attending;
  ☐ The density of the forum and the ability to ensure social distancing of 6 feet between individuals; and
  ☐ The level of transmission in the county.

☐ Gatherings of less than 10 individuals may proceed consistent with all the health protocols above without approval of the county judge, local health authority, or mayor, as applicable.

HEALTH AND SAFETY POLICY

POLICY: In order to comply with the City of Fredericksburg Supplemental Order of 29 June, 2020, the following policy will be implemented by the Texas Mesquite Art Festival Director for the scheduled October, 2020 Festival.

EVENT DISCRIPITION: A one-of-a-kind art show featuring the beauty of Texas mesquite. Meet the 30 or so artists who make each item from inspired use of the native wood. Open to the public (free) for three days, no alcoholic beverages allowed, security each night and we leave the grounds clean and ready for city inspection the hour we close. Peak attendance this year is estimated at 250 customers/hr. for three hours each day; approximately 1200 per day total.

PRECAUSIONS TAKEN THIS YEAR:

1. Social Distancing Protocols; To the extent possible, individuals should maintain six (6) feet of social distancing while shopping and chatting with the artists. Artists will remain at a comfortable distance from the public unless asked to explain or demonstrate the article to the potential customer. Vendor food/drink trailers require standing in line with appropriate social distancing between customers.

2. Masks are strongly recommended for all participants over the age of 10. Social distancing alone is not as effective as wearing a mask to reduce the chance of unintended droplet contact or spread. Used in addition with safe spacing helps reduce the spread of viruses. Frequent announcements will remind patrons/artists to wear their masks while on the Festival grounds.
3. Each tent/booth/display will be separated by five (5) feet on each side. This additional spacing allows for viewing merchandise from three sides and provides adequate spacing for interaction with the artists.

4. Each artist is responsible to provide hand sanitizer dispenser for customer/artist use.

5. The beverage trailer dispenses canned cold drinks and hot coffee for the artists/public and is compliant with the expected hygienic standards of the City’s Health Dept.

6. Our single food vender is Health Dept inspected and approved. They use no open condiments, all plastic wear is individually pre-packed.

7. Public restrooms are cleaned/restocked three times daily. The facilities are cleaned with ‘Lysol’ antiseptic spray cleaner each hour the show is open to the public.

Respectively submitted,

CITY COUNCIL MEMO

DATE: July 14, 2020
TO: Mayor and City Council
FROM: Kent Myers, City Manager
SUBJECT: Closing City Facilities

Summary:
This agenda item is a continuation of the previous discussion about the possibility of closing City facilities due to COVID-19.

Recommendation:
Clinton, Andrea and I are continuing to monitor the public’s use of City facilities and how this may be impacting the spread of the Coronavirus. We will have recommendations for the City Council to consider at Monday’s Council meeting regarding the need to close any of these facilities.
